

Desni meni: Opombe

V tem prispevku

Zadnja sprememba 12/03/2026 12:32 pm CET

Vnos opomb je možen preko dodatnega menija ali z dvoklikom v okno Opombe ali preko ikone A - Opombe. Uporabnik mora imeti pravico OBR.VNOS=W. Besedilo se zapiše v polje Tekst (tabela OBR_OB_GL). Vnos je mogoč na vseh statusih obračunov.

The screenshot shows the 'OBR DB: SQL-MIT7' application window. The 'Desni meni' (Right menu) is open, displaying various options. The 'Opombe' (Comments) option is highlighted. The 'Opombe' window is also open, showing a text input field. Arrows indicate the path from the menu to the window and from a double-click on the window to the 'Opombe' window.

Pregled opomb je možen tudi v meniju Pregled in izpis obračunov.

The screenshot shows the 'OBR DB: SQL-MIT7' application window. The 'Pregled in izpis obračunov' (View and print calculations) menu is open, displaying various options. The 'Opombe' (Comments) option is highlighted. The 'Opombe' window is also open, showing a text input field. An arrow indicates the path from the menu to the window.
